

Environmental Activities for Youth

Activity	Age	Parameters	Topic	Reference	Expertise
 Poster Making	13-16 Yrs	Strong headline, minimal text, QR code	Microplastics, plastic pollution, deforestation	UN Sustainable Development, UNEP	[No specific expertise mentioned]
 Elocution	12-17 Yrs	Evidence-based speech, global quotes, case studies	Plastic-free planet, forest biodiversity, climate change	Ocean Conservancy, Our World in Data	[No specific expertise mentioned]
 Street Play	12-17 Yrs	Emotional, educational, system failure, audience interaction	Plastic entering food chain, fast fashion, corporate responsibility	Responsible Consumption, Climate Action, Life Below Water, Life on Land, Forest & Land Lens	[No specific expertise mentioned]
 Model Making	12-17 Yrs	Functional, clear explanation, sustainable materials	Forest ecosystem, smart landfill, soil filtration, urban composting	[No specific reference mentioned]	[No specific expertise mentioned]
 Eco-Invention Pitch	13-17 Yrs	Problem statement, market viability, cost estimate, prototype	Bioplastic, AI forest protection, plastic-to-fuel, reusable packaging	[No specific reference mentioned]	[No specific expertise mentioned]
 Science Expo Display	12-16 Yrs	Experiment-based, visual clarity, hypothesis, conclusion	Microplastic detection, plastic decomposition, impact of burning plastic, soil testing	[No specific reference mentioned]	[No specific expertise mentioned]
 Eco-Fashion Parade	12-17 yrs	Story, upcycled materials, climate messaging	Fashion after fossil fuels, reimagining ocean waste	[No specific reference mentioned]	[No specific expertise mentioned]
 Dance	12-17yrs	Cultural fusion, storytelling, visual symbolism	Nature vs Plastic, rise of consumerism, Earth's cry, wildlife loss, regeneration	[No specific reference mentioned]	[No specific expertise mentioned]
 Folk-Song	12-17YRS	Sustainability message, global references, cultural pride	Protecting rivers, Earth as mother, generational responsibility	[No specific reference mentioned]	[No specific expertise mentioned]
 Short-Film Making	12-17YRS	Cinematic storytelling, real statistics, clear call to action	Forest destruction, tribal child near landfill, microplastics, climate disasters	Plastic addiction	[No specific expertise mentioned]
